Alex, I think you should send an email to all the community groups that attended last week. What do you think?

As mentioned you will see if you scroll down below that staff at NH DES have been given a heads up about the June 25/26 Regional meetings.

If you want to ensure Andrea Amico hears this from you, you may want to consider reaching out. Andrea's email is [abrown3@worcester.edu](mailto:abrown3@worcester.edu). I do not have a phone number but the Pease team may be able to provide

Folks,

Looks like we will be stepping near the national stage. In response to pressure from advocacy groups who were not invited to the national PFAS Summit in DC next week, EPA agreed to host a limited number of regional summits with community members. The first one will be hosted at our Pease offices on June 25 and 26. Right now this is just to give you a heads up – no immediate action is required (except not to schedule your poker night in Conference Room A the night of 25 June).

Thanks,  
Clark
